

## 2017 Program SDAMPP Annual Meeting

*Theme: Professional Issues Facing Academic Medical Physicist*

**Colorado Convention Center 8:00 - 11:50AM, Saturday, July 29, 2017**

*Moderator: E. Ishmael Parsai, SDAMPP President-Elect*

### MP Academic Program Directors:

The 2017 Meeting addresses two issues of critical importance to the future of medical physics education. The intent is to seek input from SDAMPP members by reviewing developments.

**Session I:** looks at the state of our organization followed by updates from the ABR, and the most recent information on development and implementation of the 2016 resident match program. Results of the recent information survey from residency directors will also be presented.

**Session II:** looks at matters of various professional importance to medical physicist

There will be time set aside for your comments and questions.
